Hello!

We have been trading in the wholesale gift and homeware industry for over 30 years! We supply fantastic products to customers in the UK, Europe, and beyond! Offering a range of designs produced both in-house and with our license partners, all at fantastic prices.

There are over 150+ staff that work at Puckator, spread over 6 offices and 11 international departments.

1

Showrooms

We have two main showrooms; Sheffield, UK and Homexpo Paris, France.

2

Distribution Centre

There are two distribution centres; one in Cornwall, UK and another in Wrocław, Poland.

3

Offices

We have six main offices in Europe with eleven international departments.

Established in 1990 by its current CEO Mark Howard, the company has grown significantly since its early days. Initially importing wooden carvings and handicrafts from Indonesia, the company now designs and supplies more than 4000 individual products to thousands of retailers across more than 50 countries around the world.

Despite the phenomenal growth at Puckator, we still remain a family-owned company and have stuck to our core values since day one. Great products, innovative design, competitive pricing, amazing customer service and respect for our thousands of hard working retail customers.

ABOUT US

BESPOKE

Want something custom?

Our bespoke design service is a complete package, led by our UK-based product design team. From the initial client consultation through to the final stages of mass production we ensure every aspect of your product is carefully curated and executed to perfection.

1

Initial Client Meeting

To understand your requirements and expectations.

2

Initial Concept & Design Submission

We will design to the given brief. Once complete we will send you a final PDF with all designs, mock-ups and packaging.

3

Sample Production, Amends & Confirmation

Samples will be produced and sign off will be required. Amends can be made at this stage.

4

Production Samples

Production samples will be produced, amends can also be made at this stage.

5

Production & Shipping

Once you are happy with the samples and designs are signed off, production will commence. Once your order has been produced it will be shipped.

DESIGNED IN THE UK

Designed in the UK

Every SS26 range has been created by our in-house design team in Sheffield, UK. From the first idea and development of each unique art style, to bringing characters and bold designs to life, our team is involved at every stage. The result is a collection of ranges that showcase their creativity and helps shape Puckator's distinctive style from fun and quirky to modern and chic.
